

# Gayathri Immidisetti

---

12-316, Near Sivalayam Temple, Ganapavaram, West Godavari Dt, A.P – 534198| 7680980757 | [imgayathri1234@gmail.com](mailto:imgayathri1234@gmail.com)

## Profile

Results-driven software developer with hands-on experience in full-stack development, emphasizing customer-focused solutions and cross-team collaboration. Demonstrated expertise in software development, systems engineering, and cloud technologies. Strong analytical and problem-solving skills with a growth mindset and commitment to continuous learning.

## Experience

**TRAINEE DEVELOPER | VIPRATA SOFTWARE SERVICES | SEPTEMBER 2024-PRESENT**  
**CURRENT PROJECT| MY-AI-DOCTOR |**

**Technologies Used:** React.js, React Bootstrap, Fetch API, Local Storage, JWT Authentication

### Responsibilities:

- Engineered robust healthcare solutions using React.js and REST APIs, demonstrating strong software development expertise
- Implemented secure authentication systems using JWT tokens, showcasing infrastructure security knowledge
- Collaborated across teams to integrate complex healthcare data systems and optimize API performance
- Led system architecture improvements for enhanced data consistency and application performance
- Developed precise technical documentation for API integrations and component structures

**PREVIOUS PROJECT | VAVFOODS |**

**Technologies Used :** Flutter Firebase

### Responsibilities:

- Developed and optimized the **User Application** for a seamless grocery shopping experience.
- Implemented real-time database solutions and authentication systems using cloud infrastructure
- Engineered scalable state management solutions for optimal application performance
- Drove engineering solutions through cross-functional team collaboration
- Demonstrated strong analytical skills in solving complex technical challenges

**UI INTERN | TAVANT TECHNOLOGIES | AUGUST 2023 – NOVEMBER 2023.**

### PROJECTS:

#### CREATING LANDING PAGE:

- Developed and implemented responsive web applications using modern JavaScript frameworks
- Created robust form validation systems and API integrations
- Engineered custom JSON data transfer solutions between client and server
- Collaborated with team members to implement best practices in web development
- Applied analytical thinking to optimize application performance and user experience

## Portfolio Suite:

- In this project we create, home page, blog page, works page, contact us page using HTML,,CSS,,JavaScript..
- Web Fetch a API to fetch data from json placeholder.
- Custom Json to transfer data from client to server and server to client .

## NXTWAVE|MERN FULL STACK

- Comprehensive training in MongoDB, Express.js, React.js, and Node.js
- Hands-on experience with modern web application development
- Focus on practical implementation and problem-solving
- Active participation in collaborative development projects

## Education

**MASTERS OF COMPUTER APPLICATION| JUNE 2023 | ADITYA COLLEGE OF ENGINEERING AND TECHNOLOGY**  
**BSC(COMPUTERS)| JUNE 2020 | DNR DEGREE COLLEGE**

## TECHNICAL SKILLS

- Development: React.js, JavaScript, HTML, CSS, Flutter, Python
- Cloud & Infrastructure: Firebase, REST APIs, JWT Authentication
- Systems: Experience with both web and mobile application architectures
- Methodologies: CRUD operations
- Tools: Git, API integration

## Skills & Abilities

- Problem Solving Skills
- Critical thinking skills
- Communication Skills

## CERTIFICATIONS

- Certification of Build your Own Static Website
- Certification of Build your Own Responsive Website

## PERSONAL DETIALS

**DOB :** 19-07-2000

**Hobbies :** Knowing New Interesting Facts, Watching movies, and Browsing Internet.

**Languages Known :** Telugu English
